**Areas of work (each Catalyst would choose at least 3 areas to work on)**

While most of the health issues are inter-related, depending on the local issues of the district the fellow would choose at least three broad areas to work on. Following are the suggested areas, the candidates can think of some more areas which should be relevant and serve the needs of people in the area.

- Implementation of Comprehensive Primary Healthcare including HWCs
- Operationalization of FRUs,
- Operationalization of DEICs and referral mechanism
- Establishing a responsive referral transport system
- Establishing a comprehensive grievance redressal system,
- Operationalization of Mobile medical units, complete with route chart and monitoring mechanism
- Plan and implement leprosy elimination in the district if it is endemic.
- Plan and implement improvement in TB notification aiming 100% notification
- Plan and implement Malaria elimination program in the district.
