Letter no: 114/IDSP/15  Date: 01/05/15

From: Dr. Ramesh Prasad  
Director cum State Surveillance Officer  
IDSP, Jharkhand, Ranchi

To,  
All Civil Surgeons & District Surveillance Officers  
Jharkhand

Sub: Regarding daily reporting of JE, Chikungunya & Dengue cases.

Sir,

This is to bring to your notice that a death case has been reported from East Singhbhum district of Jharkhand who was JE positive and undergoing treatment at TMH Jamshedpur.

Sir, as the monsoon advances to state of Jharkhand, the risk of spread of these diseases increase further. In view of the above, all the districts of Jharkhand need to remain alert and fully prepared for combating the threat of JE, Chikungunya & Dengue.

Keeping this in view, you are directed to:

1. Keep ready the Rapid Response Team in the district to investigate & manage suspected cases/outbreaks.
2. Prepare Line listing of viral fever cases from Govt. and private hospitals.
3. Conduct survey of viral fever cases.
4. Vector Control measures should be effectively and meticulously done by Malaria and Filaria Departments.
5. Coordinate with district VBD office for taking Anti larval measures and fogging in the area.
6. Sanitation needs to be improved for which interdepartmental coordination has to be maintained.
7. IEC activities should be done on regular basis. The prototype for prevention of Dengue, JE & Chikungunya should be displayed in all hospitals & places of public importance.
8. All suspects should be tested for these diseases.
9. Diagnostic facility for these are available at RIMS, Ranchi and MGM Medical College Hospital, Jamshedpur.
10. Start daily reporting of viral fever cases in the prescribed format attached with this mail, if there is no case; nil reporting has to be sent from the respective districts.

Enclo: IEC prototype for Dengue, JE & Chikungunya and Daily reporting format.

Memo no: 114/05/15  Date: 01/05/15
